THE BETTER PERFORMANCE PAPER

ABOUT US

VISION

To always be the leading distributor of stationery, printing and office furniture in Zambia by providing exceptional customer service and quality products at fair prices.

MISSION

Our mission is to be a progressive leader in our field and in doing so we intend to build long relationships with all our clients.

BACKGROUND

Penmarks Limited began trading in 1988 and has attained successful expansion since then, with a Managing Director whose 30 years' experience in the stationery, printing and furniture retailing industry has placed him at the helm of its operations.

With an impressive client base that includes – but not limited to – some of Zambia's leading financial institutions, NGOs and other well-established corporations in Zambia, Penmarks continues to forge ahead and satisfy its retail and wholesale markets with distinction. In doing so, it maintains its status as the spearhead in the distribution of stationery, office furniture and printing supplies in the country

We take immense pride in our diversified product portfolio which is a steady, balanced and quality-focused blend of locally manufactured and imported products, including stationery and office furniture. When we import stock, we ensure direct communications with reputable manufacturers worldwide so as to not compromise on the legitimacy and quality of our imported stock.

Constant, consistent and incremental innovation continue to be at the forefront of our vision as we forge a brand identity and reputation based on doing business efficiently, effectively and professionally. Furthermore, the scale and scope of our organisation allows us to stock a diverse range of inventory in large volumes at all times. This helps us focus on our mission, which is to provide exceptional customer service and quality products at fair prices.

With a personnel of over 60 people and a fleet of 20 vehicles, Penmarks Limited believes that it plays a pivotal role in the supply chain of the Zambian economy. The company is aware of the mutual dependence of firms within the economy and it believes that awareness of such interdependence can accelerate not only the firm's growth, but the growth of other 'glocal' firms and thus add impetus to the Zambian economy on the whole.

GRAPH PAD

The image shows a full-page template for KIAN A4 metric graph paper. At the top center is the KIAN logo, which consists of a stylized lotus flower above the word "KIAN" in a bold, sans-serif font. Below the logo, the text "A4 METRIC GRAPH" is printed in a large, bold, sans-serif font. Underneath this text is a large grid of 48 squares, arranged in 8 rows and 6 columns. At the bottom of the page, the text "PAD SIZE 297mm X210mm" and "CODE : 4310" are printed in a smaller, sans-serif font. The entire page has a light gray background with a thin black border.
